| <b>Activity Comment</b>           | Please mark all underground utilities in the vicinity of the Simonds underpass bridge. We will be replacing and installing a new 30" handhole approximately 200 feet from the southeast corner of the bridge. Additionally, we will be performing a bore starting from the existing handhole adjacent to the light pole helix foundation on the northeast corner of the bridge and continuing approximately 250 feet east toward the comfort station/bathroom building near the lake. Accurate utility locates are required for all proposed work areas. If you have any questions, please contact me at (224) 289-7959. |
