Dear Contractor:

Please be informed that on January 10, 1997 the City Council passed an ordinance which will affect all contractors who perform work in the public way which necessitates pavement removal and/or excavation.

Some of the provisions of this ordinance are, but not limited to, the following:

1. Provides for licensing of all non-Governmental entities or contractors working in the public way.
2. A condition of the license is a letter of credit, in an amount commensurate within the amount of work the contractor expects to be permitted for, during the calendar year. The letter of credit will replace the necessity for cash deposits per pavement opening to guarantee restoration. A complete explanation of the letter of credit requirements is attached.
3. Provides for penalties against licenses and/or license revocation for licenses failing to restore pavements to City standards.
4. A certificate of insurance naming the City of Chicago as an additional insured will continue to be required as a provision of the license.

Please see the CDOT Rules and Regulations for Letter of Credit and Licensing requirements. The CDOT Rules and Regulations have been posted on the city's internet site www.cityofchicago.org.

Also, attached for your convenience is a Public Way Work License application for your use. In this first licensing procedure we ask that the **application be filed in person** in the offices of the Division of Infrastructure Management – Public Way Permit Division in Room 905, City Hall by a representative of your company who is able to answer questions pertinent to the permit request.

Please contact Teresa Bridges at 312-744-4652 for additional information.

Very truly yours,

Bryan Gallardo
